## Packing and palletizing of bottles and jugs

Complete end-of-line system for bottles from 1 liter up to 5-liter jugs. A single robot packs bottles and jugs, then palletizes the same boxes or jugs directly on the wrapper.

| PRODUCT    |               | PRODUCTION  |
|------------|---------------|-------------|
| Type       | Bottles, jugs | 2 boxes/min |
| Dimensions | Max. Ø 200 mm |             |
| Weight     | 1-5 kg        |             |

| COMPONENTS |                                                                                                                                    |
|------------|------------------------------------------------------------------------------------------------------------------------------------|
| 1          | Case forming machine model BATEC                                                                                                   |
| 2          | Motorized roller conveyor                                                                                                          |
| 3          | Grouping table                                                                                                                     |
| 4          | Flap opener                                                                                                                        |
| 5          | Robot (includes control cabinet)                                                                                                   |
| 6          | Case sealing machine model CS35                                                                                                    |
| 7          | Motorized roller conveyor                                                                                                          |
| 8          | Stretch wrapping machine model Fenix (includes control cabinet and pallet centering devices to ensure position during palletizing) |
| 9          | Protective fencing set (access and safety)                                                                                         |
| 10         | Electrical control cabinet for the installation                                                                                    |
